

SOUNDCAST™
UNLEASH YOUR AUDIO

OutCast Junior™

The go anywhere outdoor solution for getting all of your favourite music to all your favourite places.

OutCast Junior is a WIRELESS all-weather speaker system designed to provide high performance full-range musical enjoyment.

Features:

- All-weather, outdoor speaker system
- Includes iCast transmitter for use with the Apple iPod
- Allows connection of other audio devices – MP3 players and computers – using the auxiliary input/output jack
- Receives signals up to 350 feet outdoors
- Features buttons for pause/play and track forward/track back for remote iPod operation
- Only 50cm tall and 8 kg. Easy to set-up

Technical Specifications:

- One 6.5" downward-firing woofer
- Four 3" high frequency drivers in an omni-directional array
- 50 watt multi-channel digital amplifier
- Water Resistant
- Operates for up to 18 hours in battery saver mode with the rechargeable 12 volt Ni-Mh battery pack.
- Outboard battery charger included.
- Transmitters search for open channels in the 2.4GHz band, and instantaneously jump to them – ultimately avoiding interference and allowing for unprecedented sound quality
- Internal AC adaptor and 12 volt automotive adaptor
